I am an end-to-end UX/UI designer currently based out of India, with 10 years of experience working with leading B2B and B2C brands across industries such as consumer, healthcare, telecom, finance, banking, energy, and technology.

Along the way, I have also designed for SaaS products and have extensive experience crafting high-quality web-based and mobile products and services, ensuring scalable and user-focused solutions.

Work Experience

Senior Product Designer

Feb 2024 - Present

Senior Product Designer

Hyderabad, India.

At Salesforce, the #1 CRM company,

- Lead designer for Salesforce Chat, WhatsApp Messaging & RCS within Service Cloud, serving enterprise-scale customer support operations.
- Defined product vision and user flows for new chat capabilities, aligning with stakeholders across engineering and product.
- Contributed to the long-term roadmap and north star experiences across multiple Service Cloud features.

Senior Product Designer

Aug 2022 - Feb 2024

Senior Product Designer

Hyderabad, India.

At ServiceNow, a leading enterprise company,

- Designed Workforce Engagement Management and Customer Operations modules for the Customer Service Management suite.
- Led end-to-end workflows, prototyping, and usability testing across multiple enterprise features.
- Facilitated stakeholder alignment through workshops and co-design sessions.
- Supported design delivery and research for multiple enterprise workflows, ensuring system consistency and scalable UI components.

Product Designer

Jul 2020 - Aug 2022

Product Designer

Bangalore, India.

At Moonraft, a mid-sized design agency,

- Led client-facing design initiatives for Adobe, BDO Unibank, and Intuit.
- Delivered UX strategy, wireframes, and high-fidelity prototypes tailored to diverse client needs.

UX Designer

Feb 2019 - Feb 2020

UX Designer

Bangalore, India.

At Smartron, an IoT-based product startup,

- Designed AI/NLP-powered interfaces for IoT products, including service design and visual design elements.
- Supported the full UX cycle: discovery, wireframing, and final delivery.

Product Designer

Jan 2018 - Feb 2019

Product Designer

Mumbai, India.

At Deloitte Digital, one of the world's largest consultancy,

- Designed B2B/B2C digital solutions for clients like ExxonMobil, Colgate, and Constellation Brands.
- Worked within agile teams, delivering high-impact design aligned with business goals.

UX Designer

Apr 2016 - Jan 2018

UX Designer

Bangalore, India.

At Papercats, a design studio,

- I worked with various clients on a range of projects, including interaction design, packaging, interactive spaces, and graphic design.
- One of my key contributions was developing sustainable packaging for ChaiPoint, aligning design innovation with environmental responsibility.
